## MOTORIST IS CHARGED WITH MANSLAUGHTER

Twenty-four hours after a coroner's inquest had been completed in the death of Leon James Menges, 2½-year-old Abbottstown boy who was fatally injured when he was struck by a truck last Friday afternoon in front of his home, Maurice Wagner, 25, New Oxford R. D., driver of the truck, was placed under arrest by state police on a charge of involuntary manslaughter.

The charge was laid by Private George Ackerson of the Gettysburg substation of the state police after a consultation with District Attorney J. Francis Yake and after a further investigation Wednesday following the inquest which was held Tuesday afternoon.

### Posts \$1,000 Bail

Wagner waived a preliminary hearing before Justice of the Peace John H. Basehore and posted \$1,000 bail for his appearance in August court. Private Ackerson made the arrest.

After a brief inquest conducted at the court house Tuesday afternoon by Dr. C. G. Crist, county coroner, the jury returned a verdict labeling the tragedy as "accidental" but adding that the jury felt that if Wagner had exercised more care "the accident might have been avoided."

The boy, son of Mr. and Mrs. John Menges, who reside along the Lincoln highway, east of center square in Abbottstown, was struck near the center of the three-lane highway as he attempted to cross to the home of his aunt, Mrs. Leo Altland, who was the only eye-witness to the mishap.

### Does Not Testify

Wagner declined to testify at the inquest upon the advice of his attorney but Private Ackerson told the coroner's jury that the driver, in a statement to the officer at the scene of the accident, had estimated the speed of the truck as "not over 25 miles an hour."

Wagner was enroute to Spring Grove with about four tons of cord-wood loaded on the stake-body truck which belongs to George Millhimes, New Oxford R. D.

Trained to perform their mission under combat conditions, the laundry troops will begin an around-the-clock work schedule when the 1,000-bed hospital sets up in a tent city in France.

Pvt. Chester D. Pottoroff, Gettysburg R. 4, and Pvt. Norman J. Hahn, Littlestown, are members of the mobile laundry unit.

## Emory C. Williams Will Be Filed Here

The will of Emory C. Williams, late of Gettysburg, has been entered to probate at the office of Register Winfield G. Horner at the court house. The widow, Mrs. Harriet M. Williams, is named executrix of the document which disposes of an estate estimated to be worth about \$2,750 in real estate and personal property.

## On Saipan

Breaking a 43-day silence, William T. Shryock, son of Mr. and Mrs. Jesse Shryock, 34 East Stevens street, has written his parents that he is serving with the Marines on Saipan. He is a hospital attendant, first class. He entered service a year ago in the Navy and later transferred to the Marines.

## SCOUT COURSE FOR CUBBERS

On Saturday afternoon, at 3:00 p. m., a training course for Boy Scout Club leaders will be conducted at Camp Ganoga, York county, to conclude Sunday afternoon at 3:00 p. m. Men have been selected from each of the districts of the York-Adams area to take the course in order that they might learn more about the program for younger boys.

The Boy Scouts of America have set out on a program of serving boys from 9 to 21 in what they call the whole family of Scouting. First the Cubbing program for boys 9, 10, and 11; Troop Scouts 12 to 15 years of age; Senior Scouts, 15 to 18, which includes the programs of Explorers, Sea Scouting and Air Scouting for this age group. The Rovers are the young men of Scouting from 18 to 21. Each age group has its own special program and is carried on and operated in its own way.

Cubbing is unique among younger boy programs in that it is home-centered and neighborhood-directed. Boys play as neighborhood groups, and these groups are the dens with which Scouting starts its program.

General A. Speedy, Assistant National Director of Cubbing of the national organization will be on the program and will present material and displays for the course. Foster C. Wilson, commissioner of the York district, will be in charge and serve as co-ordinator of the program. ## 5TH WAR BOND DRIVE CLOSES ON SATURDAY

The Fifth War Bond drive closes this week, Edmund W. Thomas, chairman of the county War Finance Committee, announced today.

All bonds processed through the Federal Reserve bank in Philadelphia on Saturday, July 29th, will be credited in the county quota. Previously it had been announced that all bonds had been purchased up to midnight, July 31, would be included in the quota.

All issuing agents in the county were urged today to extend their efforts through Friday to sell bonds to individuals, especially the "E" bonds. Purchases must be made on Friday in order to be processed on Saturday and counted in the quota.

"If all of our volunteer workers in the county put on a red-hot last day drive on Friday we can sell a tremendous amount of bonds," Mr. Thomas said. "We are especially interested in the E bonds because our total in this division is far behind our quota. I would like to see the county attain its \$650,000 quota in the E bond feature."

### New Campaign

Issuing agents were urged today to be sure to process their war bonds through the Federal Reserve Bank on Saturday so as to get credit in the current drive. Bonds processed after Saturday will not be counted in the Fifth War Bond campaign.

Mr. Thomas also announced that after July 31st a campaign will be launched in four divisions of bond selling: payroll savings, agriculture, retail merchants and public schools.

"We have not near hit our full stride in these phases of bond selling and State headquarters has requested that we carry on an intensive drive in these four divisions after July 31st," Mr. Thomas said.

"I want to take this opportunity to congratulate you on the results you have obtained. Adams county, under your leadership, may always be counted on to be among the leading counties," wrote G. Ruhland Rehmann, Jr., State Chairman of the War Finance Committee, to Mr. Thomas.

Soldier Hurt in Cycle Crash

A letter received Wednesday from Cpl. Paul Helwig, 23, husband of Mrs. Lorene (Koontz) Helwig, Carlisle street, disclosed that he was badly injured July 18 in a motorcycle accident near the Army Air Field, Clovis, New Mexico, where he is stationed.

Corporal Helwig wrote that he was riding a motorcycle when a woman backed a car across the highway in front of him and his cycle struck the machine, throwing him over the handlebars to the ground.

Now a patient in an army hospital, he is recovering from injuries that include fractures of the left hand, left knee cap, left ankle and right knee, dislocation of the left shoulder and cuts on the face and hands.

Corporal Helwig is the son of Mr. and Mrs. Charles Helwig, near Two Taverns, and has been in the service for about two years.

## Serves 30 Days; Is Arrested Again

Four days after he was released from the county jail at the end of a 30-day sentence, William Nun, of no fixed address, was re-arrested Wednesday afternoon by state police along the Fairfield road where he is alleged to have caused a disturbance.

The new charge was filed before Justice of the Peace Robert P. Snyder, who had sent the man to jail last month on a disorderly conduct charge brought by borough police. Nun is in jail awaiting a hearing which probably will take place Friday.

Surviving the boy are his parents, John L. and Frances Dorothy (Strausbaugh) Moore, and 10 brothers and sisters: George H., New Oxford R. 1; John L. Jr., Camp Peary, Va.; Mrs. Clair Shermyer, at home; Raymond, serving in Bermuda with the U. S. Navy; Mrs. Leo Hockenberry, New Oxford R. 2; Leo F., Therese, Agnes, Charles and Karl, a twin brother of the deceased, all at home.

Friends may call at the home from Thursday evening until the time of the funeral.

## F. W. Bere Recovers From Minor Wound

Floyd W. Bere, who formerly resided at 8:30 o'clock at the home with Mr. and Mrs. Glenn Black, Gettysburg R. 1, was recently promoted to sergeant.

Sergeant Bere revealed in a recent letter that he was slightly wounded in helping capture Cherbourg. He is now back with his outfit. He receives his mail in care of the postmaster at New York city.

## Major Thomas

Captain Edmund W. Thomas, Jr., son of Mr. and Mrs. Edmund W. Thomas, Sr., West Lincoln avenue, has been promoted to the rank of major in the Army Air Force, it was learned today. Major Thomas has been in the Army Air Corps since September, 1940. Since he was commissioned he has been serving as an instructor. He recently returned from the west coast where he was on special assignment. He is stationed at Seabrook, Fla.

## R.C. VOLUNTEERS NEAR MILLIONTH DRESSING HERE

Through the efforts of the approximately 300 volunteer women throughout Adams county who work long hours at Red Cross centers in Gettysburg, Arentsville, Cashtown and McSherrystown, the Adams county chapter of the Red Cross expects to "catch up" with its quota this month for the first time since the surgical dressing work began in the fall of 1942.

Mrs. LeRoy H. Winebrenner, surgical dressing chairman for the chapter, said today that the volunteers have folded, packed and shipped nearly 1,000,000 surgical dressings since the project opened nearly two years ago.

### August Quota Assigned

The county quota for July is 30,000 2x2-inch dressings and 18,000 4x4's. If that quota is completed by next Monday—and Mrs. Winebrenner hopes it will be—there is the August quota of 18,000 4x4's and 7,200 4x8's, described as a particularly difficult size to handle, to start on.

The local surgical dressing station in the American Legion building is open five afternoons a week—Monday through Friday—and on Tuesday evenings. On the average 25 women work each afternoon and about the same number report Tuesday evenings.

At Arentsville, 40 to 50 volunteers gather Tuesday, Wednesday and Thursday evenings. At Cashtown, 20 women meet two evenings a week and a group of about 35 works two evenings a week at McSherrystown.

Mrs. Winebrenner has 12 super-visors to help her here, six at Arentsville headed by Mrs. Eva Rothroth, six at Cashtown headed by Mrs. Dale Bream and 10 in McSherrystown led by Mrs. Gladys McKim.

### Need More Helpers

In each community there are a number of volunteers who report for several sessions each week but their extra efforts cannot offset the need for more helpers here and at the other stations in the county. Mrs. Winebrenner said.

Pennsylvania's quota is 600,000 tons this year. For the first six months waste paper collection fell short of the half-year quota by 75,245 tons. To make up this deficit the Government asks everyone to save paper.

Waste paper is the number one salvage material. So important is the need for paper that CFA has increased the ceiling price on it to encourage more people to save more paper.

In many communities Boy Scouts are devoting their activities during August and September and serve as co-ordinators of the program. A Den of Cubs with their leaders and cubmaster will be in the camp on Sunday to give a demonstration of Den activities. Those taking the course will register at Scout headquarters before Saturday.

## Here And There

News Collected At Random

Adams county is asked to collect 12½ pounds of waste paper for every man, woman and child in the county, every month this year.

It is the hope of the Red Cross that we carry on an intensive drive in these four divisions after July 31st.

"We have not near hit our full stride in these phases of bond selling and State headquarters has requested that we carry on an intensive drive in these four divisions after July 31st," Mr. Thomas said.

"I want to take this opportunity to congratulate you on the results you have obtained. Adams county, under your leadership, may always be counted on to be among the leading counties," wrote G. Ruhland Rehmann, Jr., State Chairman of the War Finance Committee, to Mr. Thomas.

## EMMITSBURGIAN AMONG MISSING

Acting as transmittal agent for the government, the local Red Cross at Emmitsburg Tuesday evening notified the parents and wife of Sgt. Clyde Myers that the bomber-gunner with American Air Forces from England is missing in action over France, as of July 22, and is presumably killed.

Sgt. Myers, aged 28 years, was a waist gunner in the Air Force. He arrived in England at his base for duty only four weeks ago. He entered the armed services in October, 1942.

The missing gunner is the son of Mr. and Mrs. Charles Myers, and was married to Mrs. Ruth Damuth Myers, daughter of Mr. and Mrs. Leslie Damuth, all residing at Emmitsburg.

Won't you save your tin cans at the same time you are saving your waste paper?

## RECEIVES COMBAT BADGE

Sgt. John C. Felix, Emmitsburg, has been awarded the combat Infantry badge and a citation from President Roosevelt on the basis of

the Army Ground Forces, has been killed in Normandy.

## Are 38 Miles From Warsaw

### By EDDY GILMORE

Moscow, July 27 (AP)—Russian infantry was reported storming across the Vistula river southeast of Warsaw today in thousands of amphibious trucks covered by massed artillery fire, negotiating the last great natural barrier before German Silesia.

Russian Cossacks, tanks, infantry and cannon reached the east bank of the river yesterday on a 30-mile front, driving before them the tattered and haggard Germans. Nazi rearguards fled to the west bank soon afterwards and were enveloped in a cacophony of massed artillery and mortar fire.

Warsaw already could hear the first sounds of approaching battle, the Moscow newspaper Izvestia said, quoting advices from Warsaw.

Adams county is asked to collect 12½ pounds of waste paper for every man, woman and child in the county, every month this year.

The shortage of waste paper for the armed forces is so acute and the emergency is so severe that the Government is making an urgent appeal to every person in the county to save every bit of scrap paper they can lay their hands on.

We shouldn't let Allied success in Europe make us overlook the fact that things also go well for us in the Pacific—so well indeed that we likely shall be able soon to launch major operations which will be calculated to win the war in the Orient much sooner than originally expected.

We are closing in on Japan fast. This doesn't mean that we have an easy task before us. On the contrary, it bids fair to be a nasty job.

Admiral King, commander of the U. S. fleet, declared a couple of days ago that the Japanese "will continue to wage war with all the power they possess." Admiral Halser, commander of our Third Pacific Fleet, adds the pungent remark that "the Japanese still are like rats and fight until they are exterminated."

## Bright Prospects

However, our recent conquests in the Mariana Islands, including the great naval and air base of Saipan, have put a new and rosy complexion on prospects. Uncle Sam's heavy bombers now are within reach of Japan and the Philippines—both only 1,500 miles away. Admiral King reminds us that our Navy now has bases to smash directly at Japan, the Philippines and China.

Well, that's hanging it on the line for the Mikado and his little men to see. And the new Japanese cabinet ministers, who are shouldering the heavy troubles Ex-Premier Tojo packed up for them, read the signs and freely admit that things are serious for them.

They're particularly concerned about the Malaya theatre, pointing out to the Japanese public that several powerful U. S. fleet task forces are prowling about in these waters which are vital to Nippon's security. They have a right to be worried, "for we not only possess Saipan and are getting ahead well with our conquest of the important neighboring islands of Guam and Tinian."

**Other Warnings**  
Tokyo also has noted other hurricane warnings, reporting to the Japanese public that a U. S. task force has bombed Palau Island and that a British force has strafed Sabang in the Dutch East Indies. Sabang has been bombed before, but an attack on Palau is a sensation.

Palau, and its 100 surrounding isles, is one of Japan's most important sea defenses. Moreover this group is a shield for the southern Philippines, being only 550 miles east of Mindanao.

With this tightening of the Allied air and sea cordon about the enemy, a Japanese naval spokesman has made a disclosure of vast interest. He says the Japanese fleet won't come out to give battle until conditions seem favorable to Tokyo. He gives as one reason that his Navy lacks the air power of the American fleet.

## Seal Jap Fleet

That may easily be the exact truth, even if it is an enemy handout. The whole world has been waiting to know whether the Japanese would accept America's challenge to a naval showdown. The Mikado's men are well aware that any sailor in the American fleet would give his right arm to get them into a major fight, and they aren't likely to risk a clash until the time seems right.

One would expect them to give battle sooner or later. Why should they hesitate to risk their fleet at the finish, when they know that if they lose the war their ships are to be taken away from them anyway?

General MacArthur has hinted that bombing of the Philippines from our new bases may begin soon. That's something to watch for, because when it starts in a big way it will mean he is about to make good his oath to reclaim these islands.

# ALLIES TIGHTEN STRANGLE-HOLD ON JAPANESE

By DEWITT MACKENZIE

Associated Press War Analyst  
We shouldn't let Allied success in Europe make us overlook the fact that things also go well for us in the Pacific—so well indeed that we likely shall be able soon to launch major operations which will be calculated to win the war in the Orient much sooner than originally expected.

We are closing in on Japan fast. This doesn't mean that we have an easy task before us. On the contrary it bids fair to be a nasty job.

Admiral King, commander of the U. S. fleet, declared a couple of days ago that the Japanese "will continue to wage war with all the power they possess." Admiral Halsey, commander of our Third Pacific fleet, adds the pungent remark that "the Japanese still are like rats and fight until they are exterminated."

## Bright Prospects

However, our recent conquests in the Mariana Islands, including the great naval and air base of Saipan, have put a new and rosy complexion on prospects. Uncle Sam's heavy bombers now are within reach of Japan and the Philippines—both only 1,500 miles away. Admiral King reminds us that our Navy now has bases to smash directly at Japan, the Philippines and China.

Well, that's hanging it on the line for the Mikado and his little men to see. And the new Japanese cabinet ministers, who are shouldering the heavy troubles. Premier Tojo packed up for them, read the signs and freely admit that things are serious for them.

They're particularly concerned about the Mariana theatre, pointing out to the Japanese public that several powerful U. S. fleet task forces are prowling about in these waters which are vital to Nippon's security. They have a right to be worried, for we not only possess Saipan but are getting ahead well with our conquest of the important neighboring islands of Guam and Tinian.

## Other Warnings

Tokyo also has noted other hurricane warnings, reporting to the Japanese public that a U. S. task force has bombed Palau island and that a British force has strafed Sabang in the Dutch East Indies. Sabang has been bombed before, but an attack on Palau is a sensation.

Palau, and its 100 surrounding isles, is one of Japan's most important sea defenses. Moreover this group is a shield for the southern Philippines, being only 560 miles east of Mindanao.

With this tightening of the Allied air and sea cordon about the enemy, a Japanese naval spokesman has made a disclosure of vast interest. He says the Japanese fleet won't come out to give battle until conditions seem favorable to Tokyo. He gives as one reason that his Navy lacks the air power of the American fleet.

## Seek Jap Fleet

That may easily be the exact truth, even if it is an enemy handout. The whole world has been waiting to know whether the Japanese would accept America's challenge to a naval showdown. The Mikado's men are well aware that any sailor in the American fleet would give his right arm to get them into a major fight, and they aren't likely to risk a clash until the time seems right.

One would expect them to give battle sooner or later. Why should they hesitate to risk their fleet at the finish, when they know that if they lose the war their ships are to be taken away from them anyway?

General MacArthur has hinted that bombing of the Philippines from our new bases may begin soon. That's something to watch for, because when it starts in a big way it will mean he is about to make good his oath to reclaim these islands.

London, July 27 (AP) — Mohandas K. Gandhi is the "greatest bambooer of the century in Far Eastern history," Lord Elbank asserted in the House of Lords Tuesday.

His remark came in a debate in which Lord Strabolgi called for a meeting of the Indian leader and Field Marshal Lord Wavell, viceroy of India. He said severe censorship made it difficult for the British people to determine what was going on.

Viscount Elbank insisted that Gandhi was the greatest obstacle to settling the problem of Indian independence and "has bamboozled many Britons."

"One of the greatest tricks of bamboozlement he has devised," he said, "is the art of self-induced starvation just up to the point of dying, and in this way, he plays on sympathies of the Indian people and leads them into further difficulties."

## SPORTS ROUNDUP

By FRITZ HOWELL  
(Pinch-Hitting for

HUGH FULLERTON, JR.)

New York, July 27 (AP)—The armed services are taking pretty good care of the Four Freedoms. Mr. Fullerton, for whom we're subbing, is enjoying a fifth vacation at Freedom, N. H., and today as the hazy, lazy dog-days approach, we're declaring a sixth freedom—the right to construct a column by clipping quips from our colleagues.

Maybe they'll dub us the thief of "bad-gag" for stealing their stuff, but we're too tired to worry. Here are the guest stars, and their star jets:

### TOPS AND BOTTOMS

John E. Wray, St. Louis Post-Dispatch: "Our Browns are seventh in team hitting, sixth in team fielding, and below par in other departments of play.... In fact the only thing they're first in is the American loop."

Lynn C. Doyle, Philadelphia Bulletin: Twenty-five pounds of scrap paper was the admission fee to Brooklyn's ball park the other day.... A small order for Flatbush fans with the foresight to save clippings of the critical analyses of the Dogger losing streak and the Rickey system for rebuilding a ball club.

### BASEBALL QUIZ

No. 1—What player won the batting championship in both majors? No. 2—What player pitched a no-hitter game in both majors?

(Answers at end, after our guests leave.)

### FULLY EQUIPPED

George Herrick, San Diego Tribune-Sun: George Zaharias is all set for his opening pro football game with the Los Angeles Mustangs here September 3, except he has no team, no coach, no name for the club, and no place to play.

Billy Harvey, Patterson, N. J., Morning Call: Ray Starr has pitched professionally for 17 different clubs in his 19 years of baseball. The Pirate moundsman boasts he gets at least two hits annually.

One in the spring before the pitchers get warmed up, and one in the fall after they cool off. He thinks a great hitter is a guy who can hit a bird shot with a buggy whip.

FRESCO'S IN AGAIN

Buzz Walker, Mobile, Ala., Register: Don't believe all the wild yarns you hear about Manager Fresco Thompson of the New Orleans club. Only about 99 44-100 per cent of them are true.

That two-way flashlight, for instance, Fresco appeared in the third base coaching box at his first night game with it in his hand. It was a thing of beauty, one button turning on a green light, the other a red. Fresco used it as a stop-and-go signal for his base runners.

We asked Fresco about it, and he grinned this reply:

"Well, it's true. I thought it was a pretty fair idea at the time, but the umpires chased me out of the park with it. Said I was making light of the national pastime."

## PRESIDENT OF MEXICO ASKED TO QUELL RIOT

Mexico City, July 27 (AP)—The rector of the National university of Mexico has asked President Avila Camacho to take a hand in a school riot that has resulted in the death of two students.

The riot reached its peak yesterday when veterinary students threatened to turn loose dogs infected with rabies, kept for laboratory experiments. The threat was not carried out.

Dr. Rodolfo Brito Foucher, the rector, in a statement to the faculty and students of the university, blamed the outbreak on "a group of politicians desirous of getting possession of the university."

200 had minor injuries.

He said the leaders had the following of a small group of bad students who for three months have been carrying on acts of violence."

Police said that besides the two students killed, more than a score more were hurt seriously, and some 200 had minor injuries.

The rioting started in protest against professors he had installed as heads of various schools of the university.

Bricks and stones were hurled freely during the fighting yesterday, and when students assaulted the veterinary building they were met with bottles of blazing gasoline and a threat to turn loose the mad dogs.

Maybe they'll dub us the thief of "bad-gag" for stealing their stuff, but we're too tired to worry. Here are the guest stars, and their star jets:

### LAURELS WIN 7TH; SCRANTON LOSES

(By The Associated Press)

The Hartford Laurels, eastern league leaders, won their seventh consecutive game last night, white-washing the Scranton Miners, 7-0.

However, the Laurels saw a half-game of their eight game margin shaved when the second place Albany Senators came up with a pair if wins over the Wilkes-Barre Barons, 14 to 2, and 11 to 5.

The Utica Blue Sox took a 10-inning battle from Williamsport's Grays, 8 to 7, Elmira and Binghamton were rained out.

A small order for Flatbush fans with the foresight to save clippings of the critical analyses of the Dogger losing streak and the Rickey system for rebuilding a ball club.

Pete Nakens, Hartford's part-time pitcher, not only blanked the Red Sox on five singles and a walk, but inserted a pair of singles and a triple. Only 29 Scranton batters faced Nakens, who works in a Hartford war plant and plays only when the team is home. It was his 12th victory.

Dannie Doy, Williamsport's Cuban shortstop, was the batting star at Utica, although the Grays lost. Doy connected for four hits in five tries.

SPORTS  
Sailors Take Two From Bradford

Buffalo, N. Y., July 27 (AP)—The Erie Sailors swept both games of a PONY league doubleheader with the Bradford Blue Wings last night. The sailors took the opener 5-3 and followed with a 6-5 victory in the second match.

The Wellsville Yankees managed a 7-6 win over the Batavia Clippers after trailing 5-1 in the fifth. The Yanks knotted the count in the sixth, added another in the seventh, and won in the eighth on three walks, and a double steal. Each team had 11 hits.

Olean-Jamestown and Hornell-Lockport games were postponed because of rain.

BUYS INTEREST IN TEAM

Philadelphia, July 27 (AP)—Bruce Cabot, movie actor who was recently discharged from the Army, and John McLean, an executive of the Southern Aircraft Corporation, have bought minority interests in the Philadelphia Eagles, pro-football team, from Alexis Thompson, General Manager Harry Thayer, announced today.

That two-way flashlight, for instance, Fresco appeared in the third base coaching box at his first night game with it in his hand. It was a thing of beauty, one button turning on a green light, the other a red. Fresco used it as a stop-and-go signal for his base runners.

## Get Report On Park Gambling

Philadelphia, July 27 (AP)—A full report of the steps being taken to halt gambling at Shibe Park has been filed with Baseball Commissioner Kenesaw M. Landis, Herb Pennock, general manager of the Philadelphia Phillies, said last night.

A similar report is believed to have been asked of Connie Mack, now in St. Louis, following the arrest of five men for making bets during a recent Philadelphia-Boston National league game.

# OWNERS BECOME MORE CAUTIOUS ON ARC GAMES

New York, July 27 (AP)—Unlimited night baseball, legalized at the Pittsburgh meetings two weeks ago, appeared today to have flashed a caution sign instead of a green light to big league club owners.

Although the St. Louis Browns and Cardinals, desperate for a box office lure, pushed the plan and adopted schedules calling for almost continuous owl ball action at Sportsman's park, only 34 games have been rescheduled from day to night in both leagues.

The New York Giants, Brooklyn, Cincinnati and Pittsburgh, all equipped for after dark activity, have decided to stand pat on their original night schedules, as have the Cleveland Indians in the American.

President Bill Benswanger of the Pirates summed up the general attitude of those contented with a 14-game quota when he said: "I see no reason for a change in our schedule, although I have an open mind on the matter as it concerns other clubs in this topsy-turvy war year."

## Back Old Setup

Some baseball executives still harbor hopes of returning to the seven-a-season limit for arclight ball after the war but they will meet stern opposition from Presidents Sam Breadon of the Cards and Clark Griffith of Washington who are preaching the owl ball gospel. Griffith's 1944 plans were unchanged by the major league vote as he had been given permission earlier to play all week-day games from May 10 to September 17 after dark.

Both Philadelphia teams decided to take limited advantage of the new ruling, the Athletics and the Phils each rescheduling four contests. The Chicago White Sox changed seven additional day games to night.

## Five Without Lights

Five parks are not equipped with night ball equipment so the new rule was purely academic to the New York Yankees, Boston Braves and Red Sox, Chicago Cubs and Detroit Tigers although the Boston teams and Detroit have been experimenting with twilight tilts.

The World Champion Yankees remained absolutely opposed to night ball at the stadium and remained cool to after dark games on the road.

Asked to play the last series of the season, September 28, 29 and 30, and October 1 in St. Louis, under the lights, Manager Joe McCarthy refused with the remark.

"If we're in the race, we can't go from a night series into a day world series. If we're not in the race, nobody will want to see us, day or night."

# ARGENTINE IS GIVEN REBUKE

Washington, July 26 (AP)—The government of Argentina stands accused today of having "deserted the common cause" of its neighbors.

The accusation is made in a stinging statement circulated by the United States among the governments of 19 other American republics in support of the policy of non-recognition of the Buenos Aires regime.

Prepared here and subscribed to by the other countries, it now becomes, in effect, the basis for that policy and it means continued diplomatic isolation of the Argentine government.

In fact the rest of the Americas put the rulers and people of Argentina on notice that they will not extend recognition until there are "conclusive acts and demonstrations that there have been fundamental changes in Argentine policy toward the United Nations." These acts would have to show a pro-Allied course in the war.

It marks the end of the latest series of efforts to bring Argentina back into the Western hemisphere diplomatic fold without the drastic changes at Buenos Aires which Washington and the cooperating governments have urged. In these worsening circumstances Dr. Adrian Escobar, the Argentine ambassador here, was recalled by Buenos Aires yesterday.

New York, July 27 (AP)—The armed services are taking pretty good care of the Four Freedoms. Mr. Fullerton, for whom we're subbing, is enjoying a fifth (vacationing at Freedom, N. H.), and today as the lazy, lazy dog-days approach, we're declaring a sixth freedom—the right to construct a column by clipping quips from our colleagues.

Maybe they'll dub us the thief of "bad-gag" for stealing their stuff, but we're too tired to worry. Here are the guest stars, and their star jests:

## TOPS AND BOTTOMS

John E. Wray, St. Louis Post-Dispatch: "Our Browns are seventh in team hitting, sixth in team fielding, and below par in other departments of play. . . . In fact the only thing they're first in is the American loop."

Lynn C. Doyle, Philadelphia Bulletin: Twenty-five pounds of scrap paper was the admission fee to Brooklyn's ball park the other day.

A small order for Flatbush fans with the foresight to save clippings of the critical analyses of the Dodger losing streak and the Rickey system for rebuilding a ball club.

## BASEBALL QUIZ

No. 1—What player won the batting championship in both majors?

No. 2—What player pitched a no-hitter game in both majors?

(Answers at end, after our guests leave.)

## FULLY EQUIPPED

George Herrick, San Diego Tribune-Sun: George Zaharias is all set for his opening pro football game with the Los Angeles Mustangs here September 3, except . . . he has no team, no coach, no name for the club, and no place to play.

Billy Harvey, Patterson, N. J., Morning Call: Ray Starr has pitched professionally for 17 different clubs in his 19 years of baseball. The Pirate moundsman boasts he gets at least two hits annually.

One in the spring before the pitchers get warmed up, and one in the fall after they cool off. He thinks a great hitter is a guy who can hit a bird shot with a buggy whip.

## FRESCO'S IN AGAIN

Buzz Walker, Mobile, Ala., Register: Don't believe all the wild yarns you hear about Manager Fresco Thompson of the New Orleans club. Only about 99 44-100 per cent of them are true.

Prepared here and subscribed to by the other countries, it now becomes, in effect, the basis for that policy and it means continued diplomatic isolation of the Argentine government.

## PRESIDENT OF MEXICO ASKED TO QUELL RIOT

Mexico City, July 27 (AP)—The rector of the National university of Mexico has asked President Avila Camacho to take a hand in a school riot that has resulted in the death of two students.

The riot reached its peak yesterday when veterinary students threatened to turn loose dogs infected with rabies, kept for laboratory experiments. The threat was not carried out.

Dr. Rodolfo Brito Foucher, the rector, in a statement to the faculty and students of the university, blamed the outbreak on "a group of politicians desirous of getting possession of the university."

290 had minor injuries.

He said the leaders had the following of "a small group of bad students who for three months have been carrying on acts of violence."

Police said that besides the two students killed, more than a score more were hurt seriously, and some 200 had minor injuries.

The rioting started in protest against professors he had installed as heads of various schools of the university.

Bricks and stones were hurled freely during the fighting yesterday, and when students assaulted the veterinary building they were met with bottles of blazing gasoline and a threat to turn loose the mad dogs.

Among his associates Fulbright is recognized as a Liberal while Adkins has been referred to as a practical public official with a leaning toward conservatism.

Paths of Fulbright and Adkins first crossed in 1941 when a board of trustees named by Adkins removed Fulbright as university president, charging him with lack of cooperation. Adkins also asserted that Fulbright, who was a close personal and political friend of his 1940 opponent, former Governor Carl E. Bailey, made critical remarks concerning him in his Fayetteville newspaper.

The two are seeking to replace Senator Hattie W. Caraway who was eliminated in Tuesday's preferential election.

Pete Naktenis, Hartford's part-time pitcher, not only blanked the Red Sox on five singles and a walk, but inserted a pair of singles and a triple. Only 29 Scranton batters faced Naktenis, who works in a Hartford war plant and plays only when the team is home. It was his 12th victory.

Dannie Doy, Williamsport's Cuban shortstop, was the batting star at Utica, although the Grays lost.

Doy connected for four hits in five tries.

## Sailors Take Two From Bradford

Buffalo, N. Y., July 27 (AP)—The Erie Sailors swept both games of a Pony league doubleheader with the Bradford Blue Wings last night. The sailors took the opener 5-3 and followed with a 6-5 victory in the second match.

The Wellsville Yankees managed a 7-6 win over the Batavia Clippers after trailing 5-1 in the fifth.

The Yanks knotted the count in the sixth, added another in the seventh, and won in the eighth on three walks, and a double steal. Each team had 11 hits.

Olean-Jamestown and Hornell-Lockport games were postponed because of rain.

## BUYS INTEREST IN TEAM

Philadelphia, July 27 (AP)—Bruce Cabot, movie actor who was recently discharged from the Army, and John McLean, an executive of the Southern Aircraft Corporation, have bought minority interests in the Philadelphia Eagles, pro-football team, from Alexis Thompson, General Manager Harry Thayer, announced today.

We asked Fresco about it, and he grinned this reply:

"Well, it's true. I thought it was a pretty fair idea at the time, but the umpires chased me out of the park with it. Said I was making light of the national pastime."

TONIGHT'S GAMES: Lancaster at Hagerstown, Wilmington at York and Trenton at Allentown.

## Get Report On Park Gambling

Philadelphia, July 27 (AP)—A full report of the steps being taken to halt gambling at Shibe Park has been filed with Baseball Commissioner Kenesaw M. Landis, Herb Pennock, general manager of the Philadelphia Phillies, said last night.

A similar report is believed to have been asked of Connie Mack, now in St. Louis, following the arrest of five men for making bets during a recent Philadelphia-Boston National league game.

"We'd like to eliminate all gambling, for I feel that baseball is one sport which should be free of such a taint," the Phillies' general manager said.

Philadelphia, July 27 (AP) — A full report of the steps being taken to halt gambling at Shibe Park has been filed with Baseball Commissioner Kenesaw M. Landis. Herb Pennock, general manager of the Philadelphia Phillies, said last night.

A similar report is believed to have been asked of Connie Mack, now in St. Louis, following the arrest of five men for making bets during a recent Philadelphia-Boston National league game.

"We'd like to eliminate all gambling, for I feel that baseball is one sport which should be free of such a taint," the Phillies' general manager said.

SEAT 32 IS THE OFFICIAL HOME OF E. D. "COTTON ED" SMITH, THE SOUTH CAROLINA FIRE-EATER WHO NEVER BOthered to dissemble his distaste for the New Deal and all its works.

SEAT 33 HAS BEEN OCCUPIED THE PAST 12 YEARS BY MRS. HATTIE W. CARAWAY, THE ONLY INCUMBENT WOMAN SENATOR.

Smith Sets Record

The two senate neighbors, whose desks are separated by only a narrow aisle, are the latest primary election casualties.

Shy, mild mannered Mrs. Caraway rarely addresses the senate, although she has missed few rolls.

Smith, who next month will break all records for continuous service in the senate, took the oath as Senator for March 4, 1909.

Cotton Ed didn't seem very perturbed about his defeat; just told the folks down 'on his Carolina farm that he reckoned he'd better go out and look at the pigs.

Big Senate Turnover

The twin defeat of Senators Smith and Caraway has raised the 1944 senate turnover rate to nearly 10 per cent, with the general election still more than three months away.

Paths of Fulbright and Adkins first crossed in 1941 when Board of trustees named by Adkins removed Fulbright as university president, charging him with lack of cooperation. Adkins also asserted that Fulbright, who was a close personal and political friend of his 1940 opponent, former Governor Carl E. Bailey, made critical remarks concerning him in his Fayetteville newspaper.

The two are seeking to replace Senator Hattie

Today's Talk

PLUMB LINE OF CHARACTER  
That plumb line that the carpenter uses has never deceived. It puts its point upon the exact spot desired. It demonstrates a law of nature.

In like manner does the plumb line of character demonstrate the man—his opinion of himself, his purpose in life, and the manner of his dedication. Thus it is that a man's worth is justly appraised—and by himself, rarely by others.

Your worth depends upon what you think of yourself, and your way of revealing it. By that plumb line of character. This plumb line is a simple thing. Nothing can alter its truth telling. Neither can any outside influence alter the plumb line of character. It points right to the truth of a man.

One's birth does not tell the story of a person. It may have been most humble under circumstances of great poverty, or even of great opulence. Nor do one's attainments of power or wealth give the true plumb line to a man's worth. It's what comes out of these circumstances—character alone.

It's what a person dedicates himself to that is the all-important thing in life. It's that which gives satisfaction and distinction and makes a man happy. It sets him apart, as well. He is independent, personally resourceful, and self-reliant.

That plumb line has weight to it, so that its lower point will touch exactly the right spot. Like the boat that rides smoothly with an even keel. Ever so much is concentrated in the weight of the human plumb line—loyalty, truthfulness, courage, devoutness and singleness of purpose. And these are the qualities that measure character in a person.

Note of us live perfect lives—far from it—but we can live better lives by endeavoring to keep our lives as nearly "in plumb" as possible.

Tomorrow Mr. Adams will talk on the subject: "A Railroad Man's Prayer."

Would Delay Action  
On Monetary Plan

Washington, July 27 (AP)—Chair-  
man Wagner (D-N.Y.) of the Senate  
Banking committee proposed today  
to lift the Bretton Woods interna-  
tional monetary agreement out of  
reach of politics and to delay until  
after the election any start on legis-  
lation to implement it.

"There will be a lot of talk and  
hearing about it," Wagner said.  
"But I think this agreement should  
be divorced from politics. So far  
it has. It's too important to the  
country and the world to be sub-  
jected to partisan consideration."

Congress would have to authorize  
American participation in the  
agreement and provide the funds  
for the United States' share of the  
financing. There still is some doubt  
whether this should be done by  
legislation or through a treaty  
which would have to be ratified by  
two-thirds of the Senate.

Reports reaching Barcelona said  
Hitler was preparing an order mobi-  
lizing "all Europeans in occupied  
countries" into the war effort with-  
out age or sex limitations.

The big unanswered question re-  
garding the situation of Germany  
was to what if any extent did last  
week's ruthless Hitler-directed  
purge of rebellious Junkers in the  
Army affect the will to fight of the  
individual German soldier.

Washington, July 27 (AP)—Adolf Hitler,  
having in effect placed the  
Reich and occupied territories under  
an arch Nazi "Big Four" was  
believed Wednesday to be preparing  
a general mobilization of all man-  
power in that part of Europe under  
German control for a last ditch de-  
fense of Nazism.

A German news agency dispatch  
reaching Madrid quoted a German  
Foreign Office spokesman as saying that  
Germany herself was going to  
create new and important military  
reserves and that other countries  
which are "allied" with Germany would  
not be far behind in this program.

It has been reported that Hitler  
has appointed Goebbels as his  
successor to Reichsmarschall Hermann  
Wilhelm Goering, who was appointed  
by Hitler last night as chairman of the  
Ministerial Council of Defense of the Reich.

Thus Goering becomes a dictator  
over all private and public life in  
Germany. He was charged with a  
total overhaul of state administra-  
tion and public services "with the  
purpose of freeing the maximum  
manpower for the German army  
and the arms industry and of  
adapting the entire public life in  
every possible respect to the de-  
mands of total war."

Forming the "Big Four" of Nazism  
to direct Germany's death bat-  
tle are Hitler, Goering, Goebbels  
and Heinrich Himmler, the Gestapo  
chief appointed last week to be an

assistant to the new chief of the  
German secret police.

The New York governor's wife  
appeared surprised. She said, at  
first, she had formulated no opinion  
on the subject, but later decided  
she had "no objections" to such  
training as might be required.

The military very much appeals  
to my boys," she said, adding that  
"boys do love to march." Her  
sons are Thomas, Jr., 11, and John,  
8, who incidentally, have not met  
the Bricker boy.

Manufacturers' excise taxes—gasoline, radio sets, sporting goods, etc.—totaled \$503,462,170, while retailers' excise taxes—jewelry, furs, toilet preparations and luggage—brought in another \$25,232,264.

Employment taxes jumped \$239,667,402—from \$1,498,705,033 to \$1,738,372,435.

The New York governor's wife appeared surprised. She said, at first, she had formulated no opinion on the subject, but later decided she had "no objections" to such training as might be required.

"The military very much appeals to my boys," she said, adding that "boys do love to march." (Her sons are Thomas, Jr., 11, and John, 8, who incidentally, have not met the Bricker boy.)

## Today's Talk

PLUMB LINE OF CHARACTER  
That plumb line that the carpenter uses has never deceived. It puts its point upon the exact spot desired. It demonstrates a law of nature.

In like manner does the plumb line of character demonstrate the man—his opinion of himself, his purpose in life, and the manner of his dedication. Thus it is that a man's worth is justly appraised—and by himself, rarely by others.

Your worth depends upon what you think of yourself, and your way of revealing it. By that plumb line of character. This plumb line is a simple thing. Nothing can alter its truth telling. Neither can any outside influence alter the plumb line of character. It points right to the truth of a man.

One's birth does not tell the story of a person. It may have been most humble, under circumstances of great poverty, or even of great opulence. Nor do one's attainments of power or wealth give the true plumb line to a man's worth. It's what comes out of these circumstances—character alone.

It's what a person dedicates himself to that is the all-important thing in life. It's that which gives satisfaction and distinction and makes a man happy. It sets him apart, as well. He is independent, personally resourceful, and self-reliant.

That plumb line has weight to it, so that its lower point will touch exactly the right spot. Like the boat that rides smoothly with an even keel. Ever so much is concentrated in the weight of the human plumb line—loyalty, truthfulness, courage, devoutness and singleness of purpose. And these are the qualities that measure character in a person.

None of us live perfect lives—far from it—but we can live better lives by endeavoring to keep our lives as nearly "in plumb" as possible.

Tomorrow Mr. Adams will talk on the subject: "A Railroad Man's Prayer."

## FEDERAL AUTO TAXES DROPPED IN LAST YEAR

Washington, July 27 (AP)—The \$5 annual automobile use tax paid on nearly 2,400,000 fewer cars in the fiscal year ended June 30 than in the preceding 12 months.

This is among the facts revealed today in the Internal Revenue Bureau's annual breakdown on who paid what to produce record-breaking \$40,121,760,232 internal revenue receipts.

The \$5 automobile use tax produced \$134,325,537, a decline of \$11,963,746.

## Most From Incomes

Gasoline taxes also reflected rationing and tire shortages. This tax brought in \$271,216,501, a decline of \$17,569,324.

Income and excess profits taxes provided more than three-fourths of the total revenue.

Corporation income taxes accounted for \$5,284,145,852, an increase of \$763,294,142; individual income taxes (exclusive of withholding), \$10,437,570,433; up \$4,493,653,454; withholding, \$7,823,434,977, up \$7,137,419,966.

Excess profits taxes amounted to \$9,345,198,293, an increase of \$4,281,334,679.

## Would Delay Action On Monetary Plan

Washington, July 27 (AP)—Chairman Wagner (D-NY) of the Senate Banking committee proposed today to lift the Bretton Woods international monetary agreement out of reach of politics and to delay until after the election any start on legislation to implement it.

"There will be a lot of talk and hearings about it," Wagner said. "But I think this agreement should be divorced from politics. So far it has. It is too important to this country and the world to be subjected to partisan consideration."

Congress would have to authorize American participation in the agreement and provide the funds for the United States' share of the financing. There still is some doubt whether this should be done by legislation or through a treaty which would have to be ratified by two-thirds of the Senate.

## Candidates' Wives At First Conference

Albany, N. Y., July 27 (AP)—Mrs. Thomas E. Dewey and Mrs. John W. Bricker have divergent opinions on compulsory military training for American youth, but appear, nonetheless, well-teamed as wives of the GOP presidential nominee and his running mate.

Their first joint press conference, held yesterday on the veranda of New York state's executive mansion, had the atmosphere of a casual tea. The Ohio governor's wife and her hostess, Mrs. Dewey, responded with equal poise to a barrage of questions.

Mrs. Bricker, mother of a 13-year-old boy, John, stated flatly, in answer to a question, she "would dislike awfully to see compulsory military training."

The New York governor's wife appeared surprised. She said, at first, she had formulated no opinion on the subject, but later decided she had "no objections" to such training as might be required.

"The military very much appeals to my boys," she said, adding that "boys do love to march." Her sons are Thomas, Jr., 11, and John, 8, who incidentally, have not met the Bricker boy.

# ARGENTINA IS DEFIANT AFTER U. S. ULTIMATUM

By FLORA LEWIS

Washington, July 27 (AP)—A defiant Argentina stood virtually quarantined from its Western hemisphere neighbors today, unmoved publicly by a blunt United States declaration that its government will not be recognized until it plainly abandons a "pro-Axis" policy for a pro-Ally one.

A high State department official said the sweeping U. S. denunciation charging Argentina with open aid to the Axis had received virtually unanimous approval of all the other American nations.

The State department document which pulled no punches in this government's statement of its firm stand against the regime of President Edelmiro Farrell, detailed charges of Argentina's failure to join in hemispheric defense during the past two and a half years and specified pro-Nazi actions of Farrell's government.

**Promise No Change**

Since the inter-American conference convened shortly after Pearl Harbor, Argentina "has persisted in an open, notorious and contrary course of action which has given constant aid and comfort to the enemies" of the other American republics, it declared.

It said the brief period last February when Argentina broke relations with the Axis and promised to take measures for continental defense was followed with over-

Plotting the curves for a barrage expected to get under way early next month, the Republican presidential and vice presidential nominees were reported in agreement.

Argentina's public report came in a broadcast last night by Foreign Minister Gen. Orlando Peñaloza who said his country would "continue its present course of conduct." Peñaloza was embraced by Farrell after his speech.

**War Considerations**

Peñaloza said "We do not admit that pro-Nazi elements are maintained in the government; and he disputed the accusation that Argentina has been helping any cause but her own.

The determination to isolate Argentina diplomatically is based entirely on war considerations, the department official said. "Deserting the Allied cause" was the charge.

However, one charge against the Argentine government was that after obtaining Allied navvies for Swedish newsprint upon assurances that it would be distributed only to pro-Ally papers in Buenos Aires, Argentina turned it over to Nazi papers.

## Dewey and Bricker Map GOP Campaign

Albany, N. Y., July 27 (AP)—Govs. Thomas E. Dewey of New York and John W. Bricker of Ohio toiled over a Republican version of a political flying bomb today, with indications that first attacks would be aimed at Democratic strongholds on the fringes of Dixie and in the middle west.

Dewey, the No. 1 man, will put a part of this strategy in effect next week when he journeys to politically-doubtful Missouri for a conference with the other 25 Republican governors at St. Louis, where Robert E. Hannegan, Democratic national chairman, used to be the opposition organization leader.

## Swift Introduces New Type Of Lard

Harrisburg, July 27—A new type bland lard which keeps without refrigeration and has no distinctive flavor or odor was introduced recently at a luncheon at the Benjamin Franklin hotel, Philadelphia, by Swift & Company. A. L. Tolin, manager of the Harrisburg plant, states that this product will be distributed through the Gettysburg sales territory.

"Lard is one of the most important products derived from the hog," Mr. Tolin said, "because it represents from 30 to 35 pounds per animal, or about 17 to 20 per cent of dressed weight. This advancement in lard therefore is of vital importance to some five million American hog producers as well as to all homemakers, grocers, and meat dealers, both from the present and post-war standpoint."

# ARGENTINA IS DEFIANT AFTER U. S. ULTIMATUM

By FLORA LEWIS

Washington, July 27 (AP)—A defiant Argentina stood virtually quarantined from its Western hemisphere neighbors today, unmoved publicly by a blunt United States declaration that its government will not be recognized until it plainly abandons a "pro-Axis" policy for a pro-Ally one.

A high State department official said the sweeping U. S. denunciation charging Argentina with open aid to the Axis had received virtually unanimous approval of all the other American nations.

## Dewey and Bricker Map GOP Campaign

Albany, N. Y., July 27 (AP)—Govs. Thomas E. Dewey of New York and John W. Bricker of Ohio toiled over a Republican version of a political flying bomb today, with indications that first attacks would be aimed at Democratic strongholds on the fringes of Dixie and in the middle west.

Plotting the curves for a barrage expected to get under way early next month, the Republican presidential and vice presidential nominees were reported in agreement

that the GOP ought to carry a vigorous general campaign not only to the so-called border states but should bid strongly for labor support at the same time.

Dewey, the No. 1 man, will put a part of this strategy in effect next week when he journeys to politically-doubtful Missouri for a conference with the other 25 Republican governors at St. Louis, where Robert E. Hannegan, Democratic national chairman, used to be the opposition organization leader.

### New Type Of Lard

Harrisburg, July 27—A new type bland lard which keeps without refrigeration and has no distinctive flavor or odor was introduced recently at a luncheon at the Benjamin Franklin hotel, Philadelphia, by Swift & Company. A. L. Tolin, manager of the Harrisburg plant, states that this product will be dis-

tributed through the Gettysburg sales territory.

"Lard is one of the most important products derived from the hog," Mr. Tolin said, "because it represents from 30 to 35 pounds per animal, or about 17 to 20 per cent of dressed weight. This advancement in lard therefore is of vital importance to some five million American hog producers as well as to all homemakers, grocers, and meat dealers, both from the present and post-war standpoint."

The whole family will enjoy it—and the youngsters love to pile it on Supreme Bread. It's a delicious blend of Oranges and Grapefruit—points—and extremely economical. Try Marian Kemp's Recipe for

A high State department official said the sweeping U. S. denunciation charging Argentina with open aid to the Axis had received virtually unanimous approval of all the other American nations.

The State department document, which pulled no punches in this government's statement of its firm stand against the regime of President Edelmiro Farrell, detailed charges of Argentina's failure to join in hemispheric defense during the past two and a half years and specified pro-Nazi actions of Farrell's government.

Promise no Change

Since the inter-American conference convened shortly after Pearl Harbor, Argentina "has persisted in an open, notorious and contrary course of action which has given constant aid and comfort to the enemies" of the other American republics, it declared.

It said the brief period last February when Argentina broke relations with the Axis and promised to take measures for continental defense was followed with over-

Rio de Janeiro—Clovis Bevilacqua, 64, from 1906 to 1934 juridical consul to the Ministry of Foreign Legations and long honored as Brazil's greatest juridical figure.

By JAMES MARLOW

Washington July 27 (AP)—When Johnny comes marching home, who's going to tell him where to look for a job or what kind of job fits him best? You.

You're probably not equipped to do it and so it's right.

A good vocational counsellor needs training. But there are perhaps no more than 1,000 trained counsellors in this country. Probably half of them are or partly trained in the professional sense.

### Setup Inadequate

But look at this picture. Millions of people will be shifting jobs during conversion and after the war millions of men and women will be coming back into civilian life from the armed forces. Those service people who want their old jobs back can get them. But what of those who want a new job and need help in choosing one?

They can go for help to. Any one of the 1,500 U. S. employment service offices or to any one of the 115 veteran administration offices.

### To Be Community Job

But there are 17,000 incorporated towns in this country, plus all the other communities against the mere 165 government offices to which the veterans can turn for vocational guidance.

Thus it would seem vocational guidance for veterans will be a numb tree that supplies dyewood, community job. That's exactly what grows most abundantly in southern Mexico.

Manpower Commission says it will have to be.

The bureau has just issued a study—and distributed 13,000 copies—on the need for vocational counsellors, what kind of training they need, how they can pick up some training in a hurry, and what communities should do to give vocational guidance.

### Suggested Steps

Time is short, knowledge is needed fast, even a little training is better than none, and as one step in the right direction the bureau suggests:

All communities have schools where some teacher or principal has had some counselling training. It is estimated that of the 25,000 public schools in the United States, not over 2,000 have professionally trained counsellors.

An average sized community will have from 15 to 20 organizations ready to offer assistance, the WMC says.

They can go for help to. Any one of the 1,500 U. S. employment service offices or to any one of the 115 veteran administration offices.

# DEMAND RISE IN OIL PRICE

Fort Worth, Tex., July 27 (AP)—An overall increase in the price of oil and continued regulation of imports of foreign crude oil were demanded by the executive committee and state vice presidents of the Independent Petroleum Association of America at the conclusion of a two-day session here yesterday.

Adopting a theme of "we must furnish the oil to win the war," the group reaffirmed its determination to fight for the price increase.

President Ralph T. Zook said:

"The subsidy payments for wells of small production to be inaugurated on Aug. 1 will help many

operators of marginal wells but it will not answer the problem of more oil. The answer is an overall price increase. The Independents' fight for an increase has been just and this association is determined to fight with more vigor than ever for this just cause."

A committee to study the feasibility and application of a permanent differential for wells of small production will be named.

### EXCEPTION TO BAN

New York, July 27 (AP)—J. L. Egan, vice president of Western Union, says that President Roosevelt's message of congratulations to Senator Truman presumably constituted an exception to the ban made by the President on such messages during war time and "our people were correct in accepting it."

Now they've added a new tag: "Used Car Lot Charley."

Several months ago, the sharp-shooting sergeant from Big Springs captured a German jeep and made the mistake of driving it to the rear of the officers took it away from him. In the push on Pisa in the last two days, Charley's patrol scouted an enemy jeep loaded with five Germans. When the shooting was over, there were five dead Germans and Charley had another jeep.

If Joe McCarthy ever gets those New York Yankees up for a fourth straight American league pennant, Swampy Donald's black magic over Cleveland and St. Louis will come in for a lion's share of the credit.

The lean righthanded screwball artist from Louisiana's swamp lands is just another pitcher against most of the clubs but he has beaten the Indians 12 of 13 starts since hitting the big show and drubbed the Browns 11 of 14 tries.

Although Donald's "hex" against St. Louis has shown signs of weakening in splitting four games with the Browns this year, the evil eye treatment still holds against the Indians. With the help of homers by Snuffy Stirnweiss and Oscar Grimes, Donald topped Cleveland for the third straight time by a 6-3 score before 25,483 pennant-minded Tribe followers. Jim Bagby suffered his first loss.

Six war fund games yesterday, including the Cleveland night fray and tilts in Chicago, St. Louis, New York, Brooklyn and Philadelphia, upped the major league war contribution for 1944 to \$445,093.71 with a Cincinnati at Boston doubleheader on September 24 still to be counted.

Jack Kramer finally hit the 10-win mark as the Browns shaded Philadelphia 4-2 although outhit 11 to 6. Catcher Red Hayworth's three-run homer in the fourth spelled Luke Hamlin's doom and protected the 3 1/2 game St. Louis lead over New York.

Boston and Detroit were halted by rain in the eighth for a 1-1 tie between Hal Newhouser and Pinky Woods and Chicago staged a two-run spurt in the last of the ninth to top Washington, 4-3, as 30,879 customers, including Commissioner K. M. Landis, sat through a 1 hour, 22-minute storm that interrupted play in the second. Johnny Humphries was the winner over Early Wynn whose losing streak mounted to seven.

JAPAN'S FLEET  
IS STILL HIDING(By The Associated Press)  
Several United States task forces "with powerful groups of aircraft carriers as the mainstay" are maneuvering in the waters of the Marianas, some 1,500 miles from Tokyo, and the "time is not yet ripe for our fleet to come out and attack the enemy," the Tokyo radio asserted Tuesday.

The broadcast by Domei, official Japanese news agency, quoted the naval commentator Masanori Ito as saying:

"Strategically speaking, the time to deliver the coup de grace to the enemy has not yet arrived."

Later, he asserted:

"Undoubtedly, our combined fleet is far inferior to the enemy's as far as aircraft strength is concerned. The fleet which loses command of the air is destined for defeat and immediate rout from the scene of battle."
